

UPPER NICHOLS CANYON NEIGHBORHOOD ASSOCIATION EMERGENCY RESOURCE IDENTIFICATION

Name: _____
 Street Address: _____
 Home Phone: _____ Cell Phone: _____

Following a disaster, we neighbors may need to take initial emergency response actions and take care of each other for at least 72 hours, or even up to one week. It would be beneficial to all if the Upper Nichols Canyon Neighborhood Association had knowledge of the resources that may be most valuable when a disaster strikes. We would like to maintain an inventory for our neighborhood to determine available equipment, skills and facilities that might be utilized.

Please take the time to identify what you would be willing to contribute to our neighborhood in the event of a disaster. Think of additional items that may be useful.

EQUIPMENT		SKILLS		FACILITIES	
Item	Check and/or number	Type	Check, No. and/or describe	Type	Check, No. and/or Describe
